

Graded-In Upholstery

STOCKED, GRADED-IN & COM UPHOLSTERY

**MEANT FOR USE AS A GUIDE ONLY, PLEASE CONTACT FOR CONFIRMATION

flexxform

Stocked & Graded-In Upholstery

Stocked Upholstery:

Flexxform Designs Inc. stocks all 40 colors of the Ennis - Challenger vinyl. See color options within this brochure. Lead time on products upholstered in our stocked vinyl is 4-6 weeks.

Reasons Challenger is the stocked upholstery:

- The Challenger collection features 40 different solid color options. This ensures that just about all your color needs can be met solely by this specific vinyl.
- It is enhanced with Endurepel Armour, which is a finish applied to the vinyl that makes it an easy-clean vinyl. This means the majority of stains can be cleaned with mild soap and water. But if that doesn't work, many different cleaners can be used on this vinyl.
- It is CALTB117-2013 fire retardant.
- Five of the darkest colors are enriched with ENCOOL technology which ensures these dark colors are kept 10% cooler in direct sunlight than traditional PVC fabrics.

To find out more check out Ennis Fabrics' website:
<https://www.ennisfabrics.com/>

Fabric Grades:

Flexxform Designs has an extensive graded-in program, including woven and coated upholsteries from CF Stinson, J Ennis, Momentum, Ultrafabrics, Luna, and more. Lead time on products upholstered in any of our graded-in upholsteries is 6-8 weeks.

Refer to the fabric listings in the Graded In Program to determine fabric grades for all upholsteries from Flexxform's preferred partners. Flexxform will also grade-in fabrics from most other suppliers, upon request.

Different fabrics may be specified on the seat and the back. In this case, the price using the higher grade of the two. No additional upcharge applies.

COM Upholstery

Customer's Own Material:

Customer-supplied materials must be shipped prepaid to Flexxform Designs Inc. and must be accompanied by a NAFTA certificate of origin and a commercial invoice as required by Canada Customs. The commercial invoice must clearly indicate the description of the fabric, including the makeup or content, the selling price, and the country of origin.

COM materials must be received at least two weeks before the acknowledged ship date to avoid delays.

COM material must be clearly identified with the following information:

- Fabric name and color
- Customer name
- Purchase order number

Flexxform reserves the right to refuse to use any COM materials that we feel will compromise the integrity of our products.

All COMs are cut "up the roll" unless otherwise specified by the customer. Flexxform will not be responsible for the incorrect application of COM materials unless we have been provided with application instructions by the customer.

Fabric Repeats:

Unless otherwise stated, fabric rolls are assumed to be a minimum of 54" wide. The following chart calculates the extra yardage required for fabrics with a repeat.

Repeat	Up the Roll	Across the Roll
1 - 5"	15%	10%
6 - 9"	25%	15%
10 - 13"	30%	20%
14 - 20"	35%	25%
21 - 27"	40%	30%
Over 28"	45%	40%

Ennis Challenger Vinyl Specs

Specifications	Information
Description	Challenger vinyl is the next generation of PVC performance. It features a buttery soft hand, Endurepel Armour performance finish, and excellent durability.
Number of Colors	40
Abrasion	1,500,000 Double Rubs
Brand	Endurepel
Breaking	Passes ASTM D751-06: Procedure A, CFFA 17-2013 - Weft 94 x Warp 101 lbf
Cleaning Code	W - Clean fabrics with water-based cleaning agents or water based foam
Cleaner Disclaimer	Dilution ratios must be followed. Materials must be wiped with clean water after use and wiped dry with a clean cloth.
Cold Crack	Product Cold Crack is equal to or greater than -55°C or -67°F.
Collection	Challenger
Construction	Vinyl
Content	100% Polyvinyl Chloride (PVC)
Content Backing	100% Polyester
Crocking	AATCC 8: Dry = Class 5, AATCC 8: Wet = Class 5
Ecofriendly	Phthalate Free, FR Additive Free
Elongation	Passes ASTM D751 - Weft 116% x Warp 64%
Features	Passes AATCC 107-2013 Colorfastness to Bleach - Class 5.0, Passes AATCC 147-2011 - Anti-Bacterial, Passes ASTM G21-13 - Anti-Fungal, Passes ASTM D751-06 Coating Adhesion - Weft 4.4 x Warp 5.3 lbs, Passes ASTM E 1428-15A Pink Stain Resistance
Finish	Endurepel Armour - Stain and Soil Resistant, Anti-Bacterial
Fire Retardancy	CALTB117-2013, IMO FTP Code 2010 - Part 8, MVSS302, NFPA 260 Class 1, UFAC Class 1
Industry	Automotive, Contract, Education, Fitness, Healthcare, Hospitality, Marine, Office, Residential, RV, Transportation
Mildew Resistance	Mildew Resistant
Railroaded	Non Railroaded
Roll Size	30 yd (27 m)
Seam Slippage	Passes ASTM D751 - Weft 64 x Warp 67 lb
Tear Strength	Passes ASTM D2261 - Weft 13 x Warp 10 lb, Passes ASTM D751 - Weft 12 x Warp 10 lb
Tensile Strength	Passes ASTM D751 - Weft 94 x Warp 101 lb
Thickness	Product thickness is 1.10 mm
UV Resistance	Colorfastness to Light AATCC 16.3 - Grade 4 (1500 Hours)
Uses	Automotive Seating, Bags, Decorative Accessories, Healthcare Seating, Hospitality Seating, Marine Seating, Office Seating, Residential Seating, RV Fabrics
Weight	736.00 gs/m ² , 33.17 oz/yd, 21.71 oz/yd ²
Width	55 in. (140 cm)
